

ACTION ALERT!!!

We are expecting HB 1250 to be heard as early as next week!

We need for you to contact the committee members of the House Judiciary Non-Civil committee and ask for their support for HB 1250. You do not have to be a constituent (member in their district) to contact these members. In 2006, we had one office report 600 phone calls about our prescribing bill, so let's show them how much we want these changes!!! It takes ALL of us!

I am attaching an updated "talking points sheet" to add that with health care reform APRNs will need to fill in the gap where there are too few physicians. This is our new #1 talking point so make sure you mention it. PLEASE READ THE NEW VERSION!

ACTIONS thus far:

- #1 Contact personal State Representative and Senator.
- #2 Have physicians contact MAG, Psychiatric association, and Family Practice association to support schedule II drugs for APRNs and PAs.
- #3 Contact Judiciary Non-Civil members to support HB 1250.
